phone, email

I would like to talk about the following topics or get clarity on the following questions:

I want to offer a presentation or another contribution to the program:

If there are more offerings than we have space for priority will be given the those of you who come for the assessment, who are close to assessment and then to everybody else. We have two seminar rooms so that we can work with two groups parallel – if you want to make a contribution in German, this is possible and welcome, too

I am aware of the fact that participating in the mentoring-assessment-days even after a successful pre-assessment does not automatically guaranty the recommendation for becoming a certified trainer by CNVC.

Pre-Assessment needs to be planned with the assessor together with application, please contact your assessor; latest 18th February 2024.

Fees:

The fee for the participation in the MAD is in a range of 550 € and 800 € for self-choice; higher contributions support candidates with lower income. If the employer pays the costs are 1000 €.

Plus the full cost of board and room.

Limited single rooms for 200 € and double room for 175 €.

I know that I arrange and book my accommodation and food directly here:

<https://www.gfk-info.de/seminar/mentoring-und-assessmenttage-team-suedwest/>

I am willing to pay € for the MAD fee.

I commit to participate for the whole time.

I know that I will get an invoice before the MAD are starting from one assessor.

I agree to share my email-address with other participants to make connection easier (e.g. arrangements of travelling together...)

My application is binding.

Please consider if you need a seminar insurance in case of cancellation from your side.

By applying for the participation, I agree to pay an installment of 200€, to the account of the assessor whose account number I will receive by the Team Südwest.

Cancellation:

In case I would cancel my participation up to six weeks before the beginning of the MAD 170 € will be returned to me. 30 € are administration fees.

In case I would cancel my participation up to four weeks before the beginning of the MAD the assessor will keep the full amount of 200 € as a compensation.

In case I would cancel later than four weeks before the beginning I agree to pay the full amount. It will pay the remaining sum immediately after receiving the invoice.

This agreement serves the mutual security and commitment.
